

Capturing Critical Information in the Incident Investigation Process

Thursday, April 21, 2022, 1:00 p.m. EDT

On 4/21/2022 at 1:00 p.m. EDT, the SMCX will host the "Capturing Critical Information in the Incident Investigation Process" webinar.

This webinar focuses on the importance of gathering critical information to conduct thorough incident investigations. It discusses techniques to collect proper data and the need to determine contributing factors and root causes. In addition, the webinar provides information on the items to document and what to do once the incident investigation is complete.

This introductory-level presentation is beneficial to personnel wanting to learn more about the information to capture in the incident investigation process. Personnel gaining the most benefit from this presentation may include: safety professionals, directors and upper management, managers and supervisors, front line employees, and others involved in any aspects of the incident investigation process: Collateral Duty Safety Officer (CDSO), Additional Duty Safety Officer (ADSO), Unit Safety Officer (USO), Unit Safety Representative (USR).

Please click the article headline or registration link [here](#) to register for this FREE webinar.

NOTE: We will be capping attendance at 100, so be sure to register early!
